

**User Manual
Model No. OH-2+**

DIGITAL INDOOR THERMO-HYGROMETER

Thank you for purchasing the unit

Please read this manual carefully before use and keep it for future reference

MAIN FEATURES:

1. Slim & compact design
2. Measures indoor temperature and humidity
3. Max/Min readouts with memory
4. Temperature in C°/F° selectable
5. LCD display
6. Velcro sticker for easy mounting
7. Nickel plated steel clip to attach device to case
8. ON/OFF Function for energy conservation
9. Long life CR2032 battery

OPERATIONAL RANGE:

- *Temperature range:*
0°C-50°C/32°F-122°F
0.1°C/0.1°F resolution
- *Humidity Range:*
10%-90% RH with 1% resolution

WHAT'S NEW:

The OH-2+ uses the AH Air ATH-10 digital sensor, which is accurate to +/- 2% between 20-80% RH and +/- 3% between 10-20% RH and 80-90% RH.

STARTUP:

The unit will start functioning automatically once the battery insulating tape is pulled off.

ON/OFF:

Press **ON/OFF** button to turn power on or off.

BATTERY REPLACEMENT:

Slide the battery holder out of the battery compartment located on the ***right end of the unit.*** Remove the depleted battery and replace a new CR2032 battery with the ***+ positive*** side of the battery facing up. Slide the battery holder back into the battery compartment and the unit will start working in a few seconds

MINIMUM/MAXIMUM TEMPERATURE AND HUMIDITY RECORDING:

The maximum/minimum temperature and humidity will be recorded automatically. Press the **MIN/MAX** button to get the readings since the last time you pressed the **CLEAR** button. To delete the readings, hold the **CLEAR** button for 2 seconds to reset memory of **MIN/MAX** readings.

°C/°F SLIDE SWITCH:

The switch is located on the top of the unit just above the **SET** button on the front of the unit. Push to the left for °C and to the right for °F

CAUTION:

DO NOT expose device to water, AC power or extreme weather conditions.

DO NOT dismantle the unit's internal components

DO NOT insert any used battery or any other battery other than a CR2032

Dispose of used batteries properly

CALIBRATION:

Please see our website for instructions

LIMITED WARRANTY

The OH-2+ is covered by a limited warranty against defects from materials or workmanship for a full 5-year period. Any misuse or excessive wear and tear is not covered under the limited warranty. Keep your receipt in a secure location as proof of purchase.
